NON STANDARD COLOURS (Polyester Powder Coated Gutter & Rainwater Pipe systems)

Any colour ordered that is not one of our standard colours, as advertised in our current brochure, is subject to a £60.00 set up charge. This charge is applied each time we run the colour.

Extra powder costs may also apply for purchasing the powder, depending on the colour involved and the order value. Please check at order placement.

RETURNS POLICY

Our general policy in regard to the restocking of aluminium products was reviewed due to the costs which result from the administration, handling, carriage and storage of returned product.

- 1) We regret that we are now unable to accept the return of any polyester powder coated product.
- 2) The return of any mill finish standard product (uncoated / plain aluminium) would incur a 50% restocking charge.
