Product description

Comprehensive range of roof, balcony and car park outlets offering market leading flow rate performance and a life expectancy of 50 years or more

- Made from marine grade aluminium for ultimate protection against corrosion, even in coastal or polluted environments
- Industry leading flow rate performance across the range, whilst all roof outlets can benefit from Marley Alutec's patented anti-vortex system, which increases flow rate still further
- Near zero maintenance, grates prevent debris entering the outlet
- Durable and strong, made from heavy grade cast aluminium for ultimate strength and durability

Physical properties

Material	Marine grade Aluminium alloy to BS EN1559:1997, BS EN 1676:1997 and BS EN 1706:1998
Life expectancy	50 years or more
Load rating	1.5 tonnes

Flow rate performance

Codes	l/s
DR480	10.70

Life Expectancy

Under normal UK atmospheric conditions, Marley Alutec systems if correctly installed have a life expectancy of 50 years or more. This may be marginally reduced in highly polluted or coastal areas.

NBS & BIM

A full suite of NBS and BIM files are available; see links in **Product information** section.

NBSPlus

Clause:	R10/365
Product:	Aluminium roof outlet
Type:	Car park outlet
Grate type:	Flat grate
Manufacturer:	Marley Alutec, Unit 1 (G-H), Hudson Road, Elms Farm Industrial Estate, Bedford MK41 0LZ.

Product information

Technical Services Department

Marley Alutec Technical Services Department has many years' experience in assisting specifiers with all aspects of drainage design and installation. For advice, contact them on enquires@marleyalutec.co.uk, 01234 359438

Standards

All Marley Alutec systems are manufactured to and in excess of the appropriate BS or EN Standards. For a full list download the range brochure in the **Product information** section.

Maintenance

Car park outlets require minimal maintenance throughout their lifetime. Any build up of leaves or other debris must be removed from around the grate to maximise flow rate performance.

Environmental

Marley Alutec is committed to continually reducing its environmental impact and is accredited to ISO 14001:2004.

Handling & storage

Outlets are delivered to site packaged and ready for installation.
Outlets should be stored on a flat level surface and protected from mechanical damage.
